**European Proceedings of Social and Behavioural Sciences (EpSBS)** is an open access, peer-reviewed and refereed series. The main objective of the EpSBS is to promote interdisciplinary studies in social and behavioural sciences by providing a platform for international scholars to disseminate their work.

Topics include but are not limited to anthropology, archaeology, psychology, sociology, philosophy, interdisciplinary humanities, economics, political science and additional entries in related fields, including education, legal studies, environmental studies and media studies. The series also welcomes works highlighting the connection between human activities and social interactions.

The EpSBS publishes theoretical, experimental or application-based works with the objective of contributing to a greater understanding and development of social and behavioural sciences. EpSBS publishes either monographs for example, master thesis/doctoral dissertations or edited volumes based on the outcomes of conferences.

Once published, all proceedings are submitted for evaluation and possible coverage in **Web of Science Core Collection™ Conference Proceedings Citation Index - Social Sciences & Humanities (CPCI-SSH)**.

# Preface

This volume contains proceedings of the 4<sup>th</sup> International Scientific Conference «Social and Cultural Transformations in the Context of Modern Globalism, 19 – 21 March 2021, Grozny, Russia.

The objective of the conference is to establish an academic discussion on cultural and social problems relevant for ethnic, professional, and social communities in Russia and surrounding states. The event is supposed to be dedicated to the discussions, opinions and reports concerning cultural, legal, historical, and political aspects of social transformations altering local communities and affecting global trends.

The International Conference “Social and Cultural Transformations in the Context of Modern Globalism” (SCTCMG 2021) is an interdisciplinary discussion platform, which brings together both teachers and researchers. This conference is attended by specialists in the field of social policy, history and environmental protection, public figures and representatives of state authorities. The geography of the participants covers various regions of Russia and the EAEU countries, as well as Asia and Western Europe.

The mission of the conference is a deep and comprehensive scientific understanding of the concepts of fundamental knowledge about nature, human and civilization. In the conference reports, there is a discussion of fundamental and applied knowledge about social change in the modern world. The event gathered a large number of reports, which included the following fundamental scientific issues:

- social potential of history and experience of Russian and World transformations;
- study of the evolution of human, societies and civilizations: man in history and the history of everyday life;
- historical, cultural and state development of Russia and its place in historical and cultural process of the world;
- Russia and the Slavic world;
- ethnogenesis, ethnocultural image of peoples, modern ethnic processes;
- historical and cultural interaction of Eurasia;
- preservation and study of archaeological, cultural and scientific heritage and aesthetic values of domestic and world literature and folklore in modern understanding; spiritual and aesthetic values of domestic and world literature and folklore in modern understanding;
- fundamental research of the theory, structure and historical development of languages of the world; political relations in Russian society: power, democracy, personality;
