European Proceedings of Social and Behavioural Sciences (EpSBS) is an open access, peer-reviewed and refereed series. The main objective of the EpSBS is to promote interdisciplinary studies in social and behavioural sciences by providing a platform for international scholars to disseminate their work.

Topics include but are not limited to anthropology, archaeology, psychology, sociology, philosophy, interdisciplinary humanities, economics, political science and additional entries in related fields, including education, legal studies, environmental studies and media studies. The series also welcomes works highlighting the connection between human activities and social interactions.

The EpSBS publishes theoretical, experimental or application-based works with the objective of contributing to a greater understanding and development of social and behavioural sciences. EpSBS publishes either monographs for example, master thesis/doctoral dissertations or edited volumes based on the outcomes of conferences.

Once published, all proceedings are submitted for evaluation and possible coverage in **Web of Science Core Collection™ Conference Proceedings Citation Index - Social Sciences & Humanities (CPCI-SSH).**

Preface

This volume contains selected peer-reviewed papers from the International Scientific and Practical Conference "Education Environment for the Information Age" (EEIA-2019) which took place on June 4-5, 2019, at the Institute for Education Development Strategy of the Russian Academy of Education.

The conference was opened by Svetlana Veniaminovna Ivanova, Director of the Institute for Education Development Strategy of the Russian Academy of Education, Corresponding Member of the Russian Academy of Education, Doctor of Philosophy, Professor, Head of the UNESCO Chair in Global Education. She also read out a greeting to the organizers, participants and guests of the annual international practical conference " Educational Space in the Information Age " on behalf of the Director of the Department of State Policy in the field of assessing the quality of general education of the Ministry of Education of Russia A.V. Chetvertkov, who expressed special gratitude to the organizers of the event: the UNESCO Chair in Global Education, as well as directly to the Institute for Education Development Strategy of the Russian Academy of Education.

During the conference, a video bridge was held with a colleague from the Open University of Athens (Greece). Ioannis Vandoulakis, Professor at the Department of History and Philosophy of Science Studies in European Civilization, shared the results of his interdisciplinary research in the field of mathematical proof. The presentation of the Anthology on the History of Foreign Pedagogics was received with lively interest by the participants of the conference:

Volume 1 " Anthology of the pedagogical heritage of Ancient Greece and Ancient Rome ", volume 2 " Anthology of the pedagogical heritage of the Middle Ages and the Renaissance ", presented by V.K.
