Jeya Amantha Kumar   (PhD), Senior Lecturer
Universiti Sains Malaysia, 11800 Gelugor, Pulau Pinang, Malaysia

European Proceedings of Social and Behavioural Sciences (EpSBS) is an open access, peer-reviewed and refereed series. The main objective of the EpSBS is to promote interdisciplinary studies in social and behavioural sciences by providing a platform for international scholars to disseminate their work.

Topics include but are not limited to anthropology, archaeology, psychology, sociology, philosophy, interdisciplinary humanities, economics, political science and additional entries in related fields, including education, legal studies, environmental studies and media studies. The series also welcomes works highlighting the connection between human activities and social interactions.

The EpSBS publishes theoretical, experimental or application-based works with the objective of contributing to a greater understanding and development of social and behavioural sciences. EpSBS publishes either monographs for example, master thesis/doctoral dissertations or edited volumes based on the outcomes of conferences.

Once published, all proceedings are submitted for evaluation and possible coverage in **Web of Science Core Collection™ Conference Proceedings Citation Index - Social Sciences & Humanities (CPCI-SSH)**.
