European Proceedings of Social and Behavioural Sciences (EpSBS) is an open access, peer-reviewed and refereed series. The main objective of the EpSBS is to promote interdisciplinary studies in social and behavioural sciences by providing a platform for international scholars to disseminate their work.

Topics include but are not limited to anthropology, archaeology, psychology, sociology, philosophy, interdisciplinary humanities, economics, political science and additional entries in related fields, including education, legal studies, environmental studies and media studies. The series also welcomes works highlighting the connection between human activities and social interactions.

The EpSBS publishes theoretical, experimental or application-based works with the objective of contributing to a greater understanding and development of social and behavioural sciences. EpSBS publishes either monographs for example, master thesis/doctoral dissertations or edited volumes based on the outcomes of conferences.

Once published, all proceedings are submitted for evaluation and possible coverage in **Web of Science Core Collection™ Conference Proceedings Citation Index - Social Sciences & Humanities (CPCI-SSH)**.

Preface

On behalf of the organizing committee, I am pleased to present the proceedings containing selected, peer reviewed papers from the 18th International Scientific Conference “Problems of Enterprise Development: Theory and Practice” (PEDTR 2019) which was held in December 19-20, 2019, in Samara, Russia.

The purpose of the conference is to consider a complex of scientific, theoretical and methodological issues of enterprise activities in modern conditions.

The conference provides significant value for researchers, postgraduates, students of economic universities, as well as managers and specialists of enterprises while considering various issues of enterprises’ development under modern conditions.

The International Scientific Conference "Problems of Enterprise Development: Theory and Practice" has been held annually since 2001 on the basis of the Samara State University of Economics. The purpose of the conference is a comprehensive discussion and critical analysis of scientific approaches to the sustainable economic development of enterprises in the context of economic modernization.

Thematically, the conference covers the following areas:

1. Reproduction of Innovative Development Resources in the Conditions of Nonequilibrium Economy.
2. Regional Development in the Context of Globalization.
3. Reserves for Increasing the Usage Efficiency of the Innovation and Investment Potential of Industrial Enterprises.
4. Development of Theory and Practice of Enterprise Management in the Context of the Transition to Innovative Economy.
5. Problems of the Methodology of Statistical Research of Business Processes.
6. Theory and Practice of Labor Management in the Innovative Economy.
7. Optimization of Enterprises’ Goods Movement on the Basis of Logistics, Commerce, Marketing and Service Development.
8. Formation and Realization of Export Potential in the Agro-industrial Complex.
9. Management of the Development of Foreign Economic Activities of Russian Organizations in the Unstable International Environment.
10. Legal Regulation of the Business Entities’ Activities.
11. Corporate Information Systems, Electronic Services and Cognitive Technologies.
12. Socialization Processes in the Context of Modern Telecommunication Technologies.
13. Improvement of Accounting and Analytical Support of Sustainable Development of Social and Economic Systems.
14. Theory and Practice of Taxation and Audit of Enterprises.
15. Ecology, Geography and Life Safety.

In 2019, scientists and practitioners from Russia, Georgia, Switzerland, and the Czech Republic took part in the conference and presented their views on the above mentioned issues.

The review process for the papers was stringent. The software program” antiplagiat.ru” was used for peer review and plagiarism. Each submission was subjected to a double-blind review process by two reviewers.

The review process included 2 stages: review of a Russian and an external expert, the final decision was taken by the proceedings editors. The total number of submissions received was 177 while the number of submissions sent for review 152 and number of submissions accepted was 130 indicating an acceptance rate of 73,45. A total of 20 reviewers were involved in the review process. The detailed information about the program of the conference was available at <http://si.sseu.ru/nauchnaya-deyatelnost/mezhdunarodnaya-nauchno-prakticheskaya-konferenciya-problemy-razvitiya>

The Organizing Committee would like to express its gratitude to all contributors, speakers, participants, experts, reviewers for the successful collaboration.
