**European Proceedings of Social and Behavioural Sciences (EpSBS)** is an open access, peer-reviewed and refereed series. The main objective of the EpSBS is to promote interdisciplinary studies in social and behavioural sciences by providing a platform for international scholars to disseminate their work.

Topics include but are not limited to anthropology, archaeology, psychology, sociology, philosophy, interdisciplinary humanities, economics, political science and additional entries in related fields, including education, legal studies, environmental studies and media studies. The series also welcomes works highlighting the connection between human activities and social interactions.

The EpSBS publishes theoretical, experimental or application-based works with the objective of contributing to a greater understanding and development of social and behavioural sciences. EpSBS publishes either monographs for example, master thesis/doctoral dissertations or edited volumes based on the outcomes of conferences.

Once published, all proceedings are submitted for evaluation and possible coverage in **Web of Science Core Collection™ Conference Proceedings Citation Index - Social Sciences & Humanities (CPCI-SSH)**.

# Preface

The current volume contains selected, peer-reviewed papers from the 7<sup>th</sup> International Conference Education, Reflection, Development (ERD) in the field of Educational Sciences, which was held in 12-13 July 2019, in Cluj-Napoca, Romania.

The conference brought together researchers, professionals, teachers, doctoral students from different countries, promoting the diversity of the various educational approaches. The presented research papers encompassed conceptual analyses, presentation of effective didactic approaches in the educational design, implementation and evaluation.

The conference aims to promote collaboration between academics and professionals from the field of education, to provide opportunities for academics and professionals from various educational fields and with cross-disciplinary interests, to bridge the knowledge gaps in their areas of interest and to share the results of various evidence-based researches in education. The ERD 2019 is the 7<sup>th</sup> edition of this international event and brings together research papers that encompass conceptual analyses, presentation of effective didactic approaches in the educational design, implementation and evaluation. The conference has a wide area of topics and is open for researchers, professionals, teachers, students from all over the world, promoting the diversity of the various educational approaches.

The conference chair and co-chairs express their sincere appreciation to all the organizing institutions. Special thanks are due to the keynote speakers, and the presenters of the roundtable discussion, and finally, all the session chairs, members of the organizing committee, scientific committee, and peer review committee.
